HIGH PERFORMANCE INDUSTRIAL ISOLATION AND HYDRO BLINDS AND FLANGES

BLIND FLANGES

A105 material grade, ranging from 1/2" to 60" in raised face and ring-type finishes. Also available in Series A and Series B options.

TEST FLANGES

A105 Blind Flanges with drilled and tapped NPT port connections. Available in 1/2", 3/4", 1", 1.5", and 3" NPT in either offset or center locations.

PADDLE BLINDS

ASME rated Hydro and Isolation blinds ranging from 1/2" to 60" in both flat face mill-finish and ring type joint finishes. Hang on rack with J-hook handle or Texas T-handles.

VENTED BLINDS

Standard and custom Vented Paddle Blinds in 3/4" thickness allow for a 1/4" NPT radial port machined 90° to V-notched handles.

ORIFICE PADDLES

Custom fabricated to your need with a serrated finish and bevelled or square edges. CNC engraving accurately places all required information on the handles.

SPECTACLE BLINDS

Spectacle Blinds in any material grade, chromes, and exotics, raised face, flat face, or ring-type joints. Hot-dip galvanized or other machine options, even vented with radial NPT.

BLEED RINGS

Industry standard 1.5" thick, drilled and tapped with a radial NPT or machined for a socket in any size. Available in serrated, smooth, or RTJ finish.

GUILLOTINE BLINDS

Specialty blinds combining slip blind and blind flange capabilities. Minimum 1/2" thick with threaded bolt hold tabs for ease of installation.

LOCKABLE RACKS

Safe, secure storage with hot-dip galvanized A-frame racks with three staggered rows on each side. Fully lockable and fabricated for easy forklift or crane handling.

OVER 70,000 ITEMS IN INVENTORY AVAILABLE FOR RENTAL OR PURCHASE.

ABOUT US—

Blind Specialist is your single source manufacturer, tester, and supplier of industrial isolation and hydro blinds, flanges, rings, and racks.

Our full service machine shop can cut and machine any size, class or material grade.

We inventory over 70,000 rental blinds, ranging from 1/2" to 60" from 150# to 2500#, in our 15,000 square foot warehouse.

Every blind is color coded and stamped for easy identification and is available on a lockable rack or with lifting lugs for safe and easy installation and transport.

OUR GOAL—

To create life-long customers through high product quality and performance, and great service.

PRODUCT RENTAL!

- Save time and money
